

FOSTER AGREEMENT

Purpose of fostering: To allow a rescue Akita to live in a home environment while awaiting permanent placement, permitting the foster family to evaluate the Akita's temperament and to work with it to identify and resolve any issues with socialization and house training. The additional exposure the Akita gets from being treated as "one of the family" (walks, outings, etc.) often speeds up the rehabilitation process.

Rakki-Inu Akita Rescue, Inc. (RIAR) considers our limited use of foster families essential to the welfare, evaluation, and rehabilitation of certain rescued Akitas, and wishes the experience to be an enjoyable one for all.

PLEASE CAREFULLY READ AND INITIAL/SIGN WHERE APPLICABLE:

The person/family agreeing to foster the Akita will make no decisions or actions regarding the Akita's vet care or placement without prior approval from RIAR.
